- Changing Power Generation Landscape**
- Is coal making a comeback?
- 12:40 – 12:50 p.m.    Open Q & A Session

**Andy Huenefeld, Price Risk Manager, Kinect Energy Group**

As today’s natural gas and electric power markets continue to evolve and become more complex, having insight into what your campus can anticipate in 2017 relative to energy expenditure is crucial. Andy follows the many drivers that impact near and long-term energy costs. He is responsible for helping clients navigate the volatility of energy markets through the use of a variety of risk management tools. Andy brings years of energy management expertise. Before getting his start in energy, Andy had a background in financial services. He holds a Bachelor of Science degree with a concentration in finance from the University of Louisville.
